 - Field dress remains **must be** covered to minimize exposure to passersby, also, any harvested animal falling within the 50 yard safety zone while hunting near a structure, should be moved outside of that zone before being field dressed. This is in consideration of those property owners that own land by which you may hunt.
 - Harvested animals are NOT to be processed in the field. Harvested animals are to be removed for processing at a processing facility or at a private home. NO carcasses or parts of carcasses are to be left on Alpine property for any reason. Failure to follow the above requirements may result in revocation of hunting privileges on Alpine Lake property.

As required by WV game laws, all deer harvested must be used for human consumption. We encourage donations to the Farmers and Hunters Feeding the Hungry (<https://www.fhfh.org>) supported by most local butcher shops. Another option for deer donations can be found at <https://wvdnr.gov/hunting/hunters-helping-the-hungry/> - **Thank You** for your time, consideration and participation. Hunt Safely.
