

FOR WHAT IT'S WORTH

Editor's Comments

This time of year, the weather always seems to pop up in conversations – and this year is no exception. As I worked on FWIW, we ran the gamut from icy roads in the morning as a result of warming and then freezing overnight; to light and then heavier rain, including thunder; fog; sun and WIND. That was just in one day this week. While it hasn't been one of our worst winters (so far), most of us are still anxiously awaiting spring – it WILL come. Alpine hosted a Valentine's dinner/dance last Friday night. The Evergreene Room never looked more beautiful – “real” tablecloths and cloth napkins plus beautiful red-globed candle centerpieces, mini lights and hearts decorated the room and made it both festive and cozy for those celebrating Valentine's Day there this year. Music for listening and dancing was enjoyable and a good time was had by all. Thanks to everyone who had anything to do with making it a special night – including the friendly wait staff, some of whom were pressed into service even though it wasn't their primary “job”.

During the past couple weeks, we've lost some folks who brought joy and a reminder of simpler times to many of us who grew up in that era – Shirley Temple, Sid Cesaer, Ralph Waite (John Walton), and others. Sometimes we miss ‘the good old days’. As Bob Hope would have said “thanks for the memories”.

ALPUC NEWS – from Kim Mayne, ALPUC

It has always been said that one learns from life lessons, so I thought I would share a few life lessons in an effort to help someone else. This winter has been particularly cold and our office has seen an increase in customer water leaks. These water leaks have ranged from a few gallons to over 100,000 gallons. Unfortunately, some of these customers are faced with a larger bill due to usage, but more significantly, some have had damage to the home. Homes that are unattended are at greater risk for such losses to occur.

ALPUC annually runs articles in regard to winterizing your home and we also have tips on our website. In addition to winterizing, what we have learned from this extremely cold season is that it is a good idea to have someone regularly checking your home. In several recent situations, heating systems in some form (igniter, thermostat battery, etc.) have failed at the home and, without heat, freezing and bursting of the water lines have occurred. Although we still stress that every customer winterize their home, regular checks of other items in the home, such as heating, also need attention. ALPUC can also shut your water off at the street, if requested by the homeowner in writing. There is currently no charge to have your water turned off at the street; but, upon written request to restore service, your account will be charged a \$15.00 reconnection fee. We at ALPUC are here to help. If you have had a leak, please contact our office to discuss if your situation would warrant a leak adjustment, and the steps involved.

Please Note: Due to inclement weather, your February ALPUC billing that will be mailed out Fri., Feb. 28th will be “ESTIMATED READINGS”. Thank you.

FROM MANAGEMENT & STAFF

GENERAL MANAGER’S CORNER – by *Freddie Harrison, GM*

This past weekend was a busy one here at the lake. We welcomed the Pittsburgh Ski Club back to Alpine. There were approximately 40 people here from the ski club, and the motel was booked solid over the weekend. Alpine hosted a Valentine’s party with entertainment from The Channel Cats. Oh, and I almost forgot to mention that it snowed around three feet over the weekend.

The new board room located downstairs was used for the first time this past weekend. Can you believe February is almost over?

“The best thing about the future is that it comes *one day at a time.*” – Abraham Lincoln

PROPERTY OWNER ACCOUNTS NEWS – by *Linette Sines, Business Manager*

NOTICE - The final quarterly payment for 2013/14 was due on February 1st. If you missed that deadline, please call me ASAP – (304) 789-2481, Ext. 151 or 6. Thank you.

Except for that important reminder about assessment payments, there is little to report from this office at this time. Except, we continue to move forward making things better for Alpine in any way we can. Thanks to everyone for all your support.

Hope to see you at these and all the other fun-filled events this year.

ALPINE SECURITY NEWS – by *Ralph Hauger, Director of Security*

Hello, everyone. This week has been extra busy so I don’t have a report, but promise to have something for the next issue. Our Alpine weather changes drastically very quickly, and this week we were faced with icy roads and a few mishaps, especially on some steep hills.

It’s good to repeat my reminder from last issue...“ICE and SNOW – TAKE IT SLOW!” Stay warm and be safe.

WE ACCOMPLISH SO MUCH WHEN WE WORK AS A TEAM

COMMITTEE REPORTS

BEAUTIFICATION COMMITTEE – by Barb Conway & Wilma Rumble, Co-Chairs

Seems like “shovel” is the word for February here at Alpine. Mother Nature has been very generous with our allotment of the little white flakes this month. Sure am looking forward to March, when all our daffodils will be popping through. In the meantime, we can enjoy the beautiful white landscape while we work on our crafts for the summer events. (Hint, hint.)

Watch for reminders of those events where we’ll need crafts of all kinds for our 2nd Annual Crafters’ Workshop/Sale, coming in a few months. It promises to be “bigger and better”. We also need donations of hand-made items to be used in our house tour raffle during Annual Meeting weekend in June. We donate all proceeds from these items to a worthy local non-profit group, so please help us again this year. Call Sue Thompson who is coordinating this effort for our committee. Thanks in advance.

ECC COMMITTEE – by John Laing, Chair

Remember – Permits issued by the ECC are good for a year, and for things like driveway paving, it may take several weeks after the initial ECC processing of the application before the final permit is issued. Please avoid deadline problems and get your requests in well ahead of the time when you want to have the work done. Also, remember that, if work requiring a permit is commenced before the permit is approved, the homeowner may be referred to the Compliance Committee. For emergency work that cannot wait for normal processing, call me at my cell: (410) 937-9174 or home: (304) 789-6120. If you cannot reach me, call Dick Gallagher or Kurt Engel.

If you have a heat pump, remember to keep the snow cleared away from it, as it needs air circulation to work properly. Also, insure air intakes and exhausts for fired heating units are kept clear of snow.

COMMUNICATIONS COMMITTEE – by Charlotte Wiles, Chair

Important Reminder: We will be publishing an Addendum to our Phone Directory soon...please email any changes you may have to Nina Sheets at vjs_njs3179@frontier.com or Charlotte at wileschar@frontier.com. Do it now so the Addendum can be as up-to-date as possible. Thank you.

NOMINATIONS & ELECTIONS COMMITTEE – *by Marty Wright, Chair*

Important Notice to All Alpine Lake Property Owners: As part of the established policy and procedures for ALPOA elections, we will continue to publish this detailed information about the upcoming election, as requested by the Committee Chair, Marty Wright.

- Three (3) ALPOA Board of Directors positions will be elected in June, 2014.
- Announcement of the open positions and request for candidates/nominations must be publicized in FWIW at least once a month during Jan., Feb. & March, 2014
- Active recruitment of property owners to run for one of the 3 open positions is ongoing from Dec., 2013 until close of announcement on March 15, 2014.

Watch for additional procedures and policies as we near the March 15, 2014 filing deadline. Most important – ***please consider running for one of the (3) open positions. Get involved.*** Contact Marty Wright, Committee Chair if you have questions or need additional information.

ALPOA ENERGY COMMITTEE – *by Carl Donald, Chair*

Our committee meetings became less numerous in 2013 due to slow, if not non-existent contracting in this region.

A company called Penn Gaslands from Washington, PA became our latest contract search engine. We have had four meetings with them between June 25th and Dec. 6th, 2013. These were public meetings that included mineral rights owners, primarily in eastern Preston County. Thousands of acres are represented in this consortium.

We are not obligated to do business with or through Penn Gaslands. If they get an offer for leasing acreage for national gas, we will study such and communicate promptly with the ALPOA Board.

MARKETING COMMITTEE – *Barry Barra, Chair – Submitted by Tom Kinsey, Scribe*

This new committee of ALPOA will be working with our Marketing Director, Denise Moon, to help promote Alpine Lake by getting out the word about this “little piece of Heaven” in WV.

Reminder – If you have an idea for a “tagline” for Alpine Lake, which will be used in advertising, please submit it to Tom Kinsey – Email address: kinseykrest@gmail.com).

CELEBRATIONS

Another Alpine resident celebrating a birthday in Feb. was missed in the last issue. If you see “Skip”, wish him a happy “belated” birthday. Send an email if you’d like to have your special day recognized here. Thanks.

HAPPENINGS AROUND THE LAKE & NEARBY...

SHUFFLEBOARD NEWS – from Bob Bayer, Shuffleboard “Commissioner”

If you thought the harsh winter weather these first 2 weeks of February might take a toll on our turnout for the most fun you can have here at Alpine Lake...”with your clothes on”...you’d be wrong! **Feb. 6...**the “Pond Lily Chicks” (Barb Conway & Sue Thompson) came to wreak havoc on the rest of us 18 “regulars”. Barb & Sue ran the table up to the last round of the winners’ bracket (I think Sue needed a smoke by then) and wound up with a 4th place finish. Great showing, gals! Bayers & Amatos finish “in the money”, but it was the “dreaded/dreadful” Youngs getting their name back in FWIW. Some game-by-game highlights: Sheila shoots 5; Pat follows with 5; Sheila with 6 for the win. Barb with a “hooker” for 5; Wayne knocks off 3 pucks with one last shot...but still loses! Alyssa throws a hanger, only to get beat by 4 from Bob; Wayne throws a 5 with a hanger, but still manages to lose when John follows with 5! Sue shoots 6 for the win; and Bob gets 8 for a victory. Tony gets 6 with a little help from Loring bumping one into a hanger – but Loring gets 4 in the finale. Results to follow. **Feb. 13...**another 18 hardy souls show up on a snowy & cold night. The Kidds and the Hoadleys rejoin us after a bit of a hiatus, with Jim “warming” up to Preston County and sporting a little facial hair. Janice’s “So do I” quote got censored right away by Cathy Young because of the context of the conversation with Bob (hard to believe, huh?) Right to the action: Cindy changes sides of the table, dumps Wayne for “Pat-less” John, and they pick up a 1st round win (Cindy had the crowd behind her as she shot better from the other end of the table). Some really good play tonite as every team was competitive and notched at least one victory! Hot shots included Loring 7 pts with a hanger; then 6. Bob with (2) 6s; Cappy, Cathy & Ginger all had 5 in a win; Kay, Birgit, and Janice all recorded “hangers”. Way to hang them, ladies! This nonsense takes place every Thursday nite through the winter months. No experience or expertise needed to play (just ask Tom Kinsey – we let him play every time!) Thur. 6 PM – be there or be square. The results:

- Feb. 6th:** 1st place: Cathy & Loring Young (who?) – Did manage 2 wins in championship round
- 2nd place: Kay & Bob Bayer (Charlotte, where for art thou?)
- 3rd place; Sheila & Tony Amato (1st loss to Youngs this year?)

- Feb. 13th:** 1st place: Kay & Bob Bayer (Charlotte who?)
- 2nd place: Ginger & Dave Tucker (hot hands tonight)
- 3rd place: Cathy & Loring Young (did not like not seeing their names in last FWIW)

NEEDLEWORK GROUP NEWS – Each Wednesday – 10 AM – Rhododendron Room

Our winter weather has kept this group from meeting very often so far, but join us when the weather allows and folks who usually participate are back in Alpine. We meet in the Rhododendron Room to work on our individual hand projects – or just to visit and catch up with each other. We welcome anyone who spends winter in Alpine and would enjoy this laid-back group of ladies – great way for newcomers to meet your neighbors. We meet all year, weather permitting, so come join us.

Next fresh egg delivery is Mar. 5th - local farmer, James Stemple delivers right to Alpine. Neat.

More HAPPENINGS AROUND THE LAKE & NEARBY...

FITNESS CORNER – Compliments of the AM Aerobics Group

We continue to miss our aerobics classes because of weather-related school delays and closings this winter. This is our simple way to notify everyone whether or not class will be held...if Preston County schools aren't a go, we aren't, either. Saves a lot of phone calls and confusion. When we can, we meet on Mon./Wed./Fri. in the Allegheny Room of the lodge at 9 AM. Men and women are welcome and we have fun exercising together and encouraging each other, so give it a try. Start anytime – first visit is FREE. Our leader Sue Thompson can answer any questions you might have...give her a call at (304) 789-8686. See you there soon!

Think about this....The simple act of wearing an inexpensive *pedometer* can give you added incentive to walk more, because you can see the cumulative steps you've taken throughout the day. You'll be surprised how many steps you take just doing normal things around the house – and if you also take a walk, use a treadmill or participate in an aerobics/exercise class (see above), you'll rack up even more steps. You'll probably clock about 5,000 steps a day at first – then aim for 8,000 – you'll be encouraged to “just walk”.

Everyone makes mistakes. The trick is to make them when nobody's looking. 😊
